

Haig Housing Transfers: Our Policy

Haig Housing is prepared to consider transferring tenants from one property to another when their housing needs have changed. This leaflet identifies the various factors taken into consideration when assessing transfer needs.

The Trust uses a Transfer Points Scheme in order to treat all applications for a transfer fairly. The main assessment is based on:

- Medical need
- Needing to move for family support/employment
- Lack of bedrooms (based on the Housing Association Minimum Bedroom Standards)
- The need for a more appropriate property
- Under occupation

Within each heading the need is given a priority: Urgent, Medium, Low, None

Tenants of 10 years standing who have kept their home in good order and have never breached their tenancy conditions, will be given 'Gold Star' status with **medium priority** points

This leaflet is a summary of Haig Housing's Transfers Policy – a full copy of the policy is available from Haig Housing – please see over for details
